great taste famiglia...

CREMINO

Delicious gelato with a fabulous and unusual combination of hazelnut, chocolate and cream. It has a very smooth texture and is very moreish. Commendable that the producer uses traditional handmade techniques.

Great Taste 2018 Judges

PISTACCHIO SPECIALE

Wow - lovely stuff. Great contrast in consistency and good pistachio!

Great Taste 2016 Judges

CIOCCOLATO AL RHUM

This decadent looking ice cream is intriguing to look at. The flavour is instantly dominated by rum and then the velvety chocolate kicks in. The texture of the chocolate mirror glaze accompanied with the gelato is lovely. This is an impressive gelato.

Great Taste 2022 Judges

MELONE GELATO

PIANA DEL SELE (CAMPANIA, ITALY)

This transported the judge straight to sunlit terraces overlooking the Mediterranean. It is a holiday in every mouthful. Perfectly true in its melon flavours and well held in a rich, creamy base. Utter joy.

Great Taste 2023 Judges

BISCOTTO SPECULOOS

A gelato that could easily be too sweet yet is incredibly well balanced. Beautiful texture, bags of flavour. Just perfect. The judges felt this is as good as gelato gets.

Great Taste 2022 Judges

SALTED CARAMEL CHOC BROWNIE P&B

A very appealing idea and an alluring appearance. There are some wonderful textures going on: a lovely crunch from the peanut butter, chunks of brownie and smooth gelato. Really enjoyable and quality ingredients used.

Great Taste 2016 Judges

ZABAIONE AL MARSALA

Creamy and gorgeous, this gelato has the perfect level of rich and warming rum, with the crunch of the almonds cutting through and adding texture and nuttiness. Different and unique and something very special.

CANTALOUPE MELON

100% CANTALOUPE MELON, BATTIPAGLIA, CAMPANIA (ITALY)

We have selected the best cantaloupes to create a gelato, reminiscent of summer, at first taste.

With its sweet flavour profile and its warm peach hue, this jewel of our land, offers the quintessential flavour of the most evocative areas of Campania.

Gelato is something that always moves and amazes me in every flavour and variation. This flavour pays homage to my Italian heritage, a flavour you will want to enjoy again and again.

PISTACCHIO DELUXE

100% SICILIAN PISTACCHIO, SICILY (ITALY)

Our Sicilian pistachios blossom along mountainous regions in a rocky and impervious area characterised by a strong temperature variation between night and day. Such conditions prove necessary for the maturing process, developing the fragrant profile which releases an intense and persistent aromatic note on the palate.

Succumb to the enchantment of this uniquely exceptional flavour and savour the delight of an authentic pistachio experience.

NEW Brioche

SICILIANI

100% Sicilian - always fresh. An artisan product with only high-quality ingredients. Our Brioche "co' tuppu", has a smaller ball of dough on top, the "tuppo", which takes its name from the traditional bun hairstyle of Sicilian women, is a traditional sweet bread highly popular with Sicilians and tourist alike, and its uniqueness offers a fair return on both image and turnover.

The only one with zero waste thanks to our special recyclable, single-dose protective capsule, which allows you to keep all the buns you need in the pantry, unpacking them one at a time without any fear that the remaining brioche will deteriorate. Provide your customers with a real gourmet experience.

Delivery Charges

We deliver to mainland England. Minimum orders are required for all locations and will be confirmed at the time of placing your enquiry with our sales team. A delivery charge will be applied on all orders where applicable. Special deliveries to the rest of the UK can be arranged in advance via our special freezer courier and will be charged at the carrier cost, unless agreed otherwise.

The goods must be thoroughly checked on arrival and a clear signature must be given to the carriers. We are not responsible for any loss, damages or deterioration occurring after delivery has been made to the point of delivery nominated by the customer. Any shortages, breakages or damages must be specified on the receiving note and countersigned by our carrier or delivery driver.

Any goods that are found to be non conform to the order must be reported to the sales office within 24 hours from delivery. The natural loss of products is born by the consignee. Prices of our products may vary but will be confirmed upon ordering. All gelato and sorbetto are measured in volume of litres. Gelato and sorbetto must be stored at a temperature of at least -18°C and scooped between -10°C / -13°C . We reserve the right to refuse service to any customer for reasons including but not limited to circumstances of actual or implied physical or verbal abuse towards our business or our employees.
